SouthWest Transit 2021 Exacqvision Server Replacement

Southwest Transit is requesting quotes to replace the current Exacqvision security camera NVRs located at 3 (three) of its park and ride facilities. Work to include:

- Removal of existing Exacqvision Server
- Install new Exacqvision Server
- Transferring current Exacqvision license to new Server

Questions can be directed to Jason Kirsch at jkirsch@swtransit.org.

Quotes are requested to be submitted to Jason Kirsch at jkirsch@swtransit.org no later than Monday, May 3, 2021 at 4:00pm.

Timeline:
Deadline for quotes: Monday, May 3, 2021 at 4:00pm
Date of award: Thursday, May 27, 2021
Notice to Proceed: Friday, May 28, 2021
Work Complete Date: August 31, 2021

Scope of Work:

Chanhassen Transit Station – 500 Market Street, Chanhassen, MN 55317

1. Install and configure new Exacqvision Z-Series 2U NVR (or equivalent Exacqvision model) to support a minimum of 37 IP cameras and provide a minimum of 30 days recording. The new server will be installed in the current data closet.
2. Move 37 IP camera licenses from old server to new server.
3. Provide 3-year warranty covering parts, labor and shipping and handling.
4. Vendor will ensure minimal down time when server is swapped.

East Creek Station – 2120 N Chestnut Street, Chaska, MN 55318

1. Install and configure new Exacqvision Z-Series 2U NVR (or equivalent Exacqvision model) to support a minimum of 49 IP cameras and provide a minimum of 30 days recording. The new server will be installed in the current data closet.
2. Move 49 IP camera licenses from old server to new server.
3. Provide 3-year warranty covering parts, labor and shipping and handling.
4. Vendor will ensure minimal down time when server is swapped.

SouthWest Village – 650 SouthWest Village Drive, Chanhassen, MN 55317

1. Install and configure new Exacqvision Z-Series 2U NVR (or equivalent Exacqvision model) to support a minimum of 47 IP cameras and provide a minimum of 30 days recording. The new server will be installed in the current data closet.
2. Move 47 IP camera licenses from old server to new server.
3. Provide 3-year warranty covering parts, labor and shipping and handling.
4. Vendor will ensure minimal down time when server is swapped.
